Mrs. Bednar- Primary Teacher
1st & 2nd Grade

December 2015

Merry Christmas!

Parents,

Welcome to second quarter. We are a few weeks into the new quarter and students have started strong. We continue building on the information we learned last quarter and are ready to learn even more this quarter.

Last month we had a special luncheon with the Bishop, hosted our annual burger basket night and collected and donated items to the food shelf. We also started our unit on rocks and soil and learned about national symbols, historical figures and national places.

WHAT WE'RE LEARNING THIS MONTH

In social studies we are starting our unit on timelines and historical events from our community, school, family, and our own life. In the future information will be sent home to help your child complete their own timeline. In science we are continuing our unit on physical science; studying rocks and soil. In language arts we have started using the Reading A-Z program. It is an amazing program and I look forward to using it more throughout the year.

ADVENT

It is now the start of advent where we count-down to Christ's birth. What a blessed time of year we are in. Today our class prayer center changed from ordinary time colors (green) to advent colors (purple). Students shared what advent means to them and how they can show Christ's love throughout the year.

I look forward to another amazing month of learning and fun! If you have any questions you may contact me at any time.
