

Shoot for the Stars

Dear Parent(s):

Hello! My name is Mrs. Cherlelynn (pronounced Cheryl-Lynn) Bednar and I am excited to be your child's teacher. I grew up in Heber City, Utah and graduated from Southern Utah University with my B.S. in Elementary Education and a reading endorsement.

After graduation I taught second grade for five years and a first/second grade combined class for one year. I have also taught as a reading specialist for one year. This is my second year year teaching third grade as well as my second year at Altamont Elementary.

Our family lives in Bluebell and we love the area so much! I have a blended family with three adult (step) sons, one daughter-in-law, and two school-age daughters. We love playing board games, vacationing, and spending time as a family. We also love camping, hiking, and fishing. I am always excited to learn new things and can't wait to share my love of learning with your child. If you have any questions don't hesitate to contact me.

Sincerely,

Mrs. Cherlelynn Bednar
